

OUR BACKGROUND

DSQ Pty Ltd was formed in September 2016 from the restructure of the Definium Group of Companies.

The DSQ team has vast experience in many facets of the Surveying profession including cadastral, engineering, planning, GIS, hydrographic surveying and data management systems.

The majority of our work is in Queensland, however our team has experience working in many other areas including other states and territories of Australia, Torres Straits, New Guinea, New Zealand, UK and Oman.

Note: Both the PI Insurance & PL Insurance can be increased to accommodate client specific requirements.

WE WILL LOOK AFTER YOU

Your project will be managed under the scrutiny of one of our Senior Management team. DSQ employs qualified Surveyors who are registered with the Surveyors Board of Queensland.

We have the ability to upsize quickly when projects require the flexibility and additional manpower.

Our experienced team includes Cadastral Surveyors, Graduate Surveyors and Surveying Associates, Survey Assistants, GIS, Operators, Drafters, Finance and Administration personnel.

INTEGRATED MANAGEMENT SYSTEMS

DSQ Pty Ltd works to an Integrated Management System (IMS) conforming to Quality, Safety, and Environmental standards that was implemented in 2012. Our IMS is third party accredited under JAS-ANZ by Global Certification Pty Ltd.

Safety Our Safety Management System conforms to AS/NZS ISO 4801:2001 standards.

Quality Our Quality Management System conforms to AS/NZS ISO 9001:2008 standards. We hold Plan Examination & Endorsement accreditation with Queensland Department of Natural Resources & Mines (DNRM).

Environmental As part of our commitment to environmental protection we have implemented an Environmental Management System conforming to AS/NZS ISO 14001:2004 standards.

LAND SURVEYING: WHAT WE DO BEST

- Land Boundary and Titling
- GIS
- Hydrographic Surveys
- Land Development
- Mapping
- Roads Rail and Infrastructure Inc. Pipelines
- Unmanned Aerial Vehicles

PROFESSIONAL MEMBERSHIPS

As a proudly professional surveying business, DSQ Pty Ltd is a member of the following:

- The Surveying and Spatial Sciences Institute (SSSI)
- Australian Pipeline and Gas Association (APGA)
- The Australasian Hydrographic Society
- The Urban Design Institute of Australia (UDIA)
- The Queensland Master Builders Association
- Caloundra Chamber of Commerce
- Chinchilla Chamber of Commerce

WE'RE EXPERTS IN MAPPING AND UNMANNED AERIAL VEHICLES

DSQ Pty Ltd has quality expertise in Mapping and UAV's due to their sound knowledge and experience in this sector.

The AscTec Falcon 8 Unmanned Aerial Vehicle (UAV) can add a more detailed, informative element to your project, with substantial cost savings:

- Diverse aerial imaging projects.
- Designed for aerial photogrammetry and videography.
- Ideal for detailed inspection work, 3D documentation of construction, mining and deformation monitoring.
- The AscTec Falcon 8 is a high-tech micro UAV with flexible camera and sensing options to suit your application.
- It is a proven and tested solution for high precision aerial mapping for applications including:

Broadhectare Mapping	Surveying inaccessible areas (eg. quarry)
Site monitoring	Thermography
Post disaster work	Industrial inspection
- The AscTec Navigator is a fully integrated software solution, tagging aerial images and flight data for geo-referenced applications and geocoding.
- DSQ has two CASA accredited pilots, a legal requirement to fly the Asctec Falcon 8 commercially.

GLOBAL CERTIFICATION PTY LTD
AS/NZS ISO 9001:2008, AS/NZS 4801:2001 & AS/NZS ISO 14001:2004
CERTIFIED COMPANY

Recent Major Projects UAV & Mapping

2016

Origin Talinga A Pond

Client: Origin Energy

Location: Talinga Pond, Chinchilla

Project: Aerial mapping for volume calculations at CSG pond.

2015

Nambour Quarry

Client: Mansells

Location: Nambour

Project: Aerial mapping for volume calculations at quarry site.

2014

Surat & Bowen Basin Upstream CSG Development

Client: Golders/QGC

Location: Wandoan

Project: Aerial mapping for construction progress of IX Pond at QGC's Northern Water Treatment Plant.

2014

Injune Sewer Treatment Plant Upgrade

Client: Maranoa Shire Council

Location: Injune

Project: Aerial mapping survey requested for upgrade of the Sewer Treatment Plant.

2011

QGC pond construction

Client: AMEC/QGC

Location: Surat Basin, QLD

Project: Detail survey for design of CSG wells, access tracks, gathering systems, ponds, camps, FCS & CPP locations.

2009

Detail Surveys for Queensland Water Infrastructure for the Traveston Dam

Client: Queensland Traveston Dam

Location: Traveston Dam South East Queensland

Project: Detail survey required for the design of haul roads and dam design.
